Place:	Seminar Hall, NCMS	
Resource Person: 22/10/2022	Mr. Mahesh, Co-founder, Genex Space.	

OVERVIEW:

a. Objective:

Innovation Day is celebrated to create awareness for innovation and motivate people to create enduring products for future generations.

b. Brief write up on the Programme:

Dept. of Science conducted a guest talk under “Pragyan Science Forum, NCMS” and “IIC” on 18/10/2022. Mr. Mahesh, Co-Founder, Genex-Space, delivered a talk on “Innovation in Technology” and spoke how technology is an extended concept of innovation and how technological innovation is formalized typically within an organization: a company, a public entity, a think tank, a university. The guest spoke about how start-ups and new ventures, the Technological Innovation is performed in an unknown context. The boundaries and constraints of the Technology at work are not precisely known. Hence it requires leaders and not managers to give the vision and coach the team to explore the unknown part of the technology.

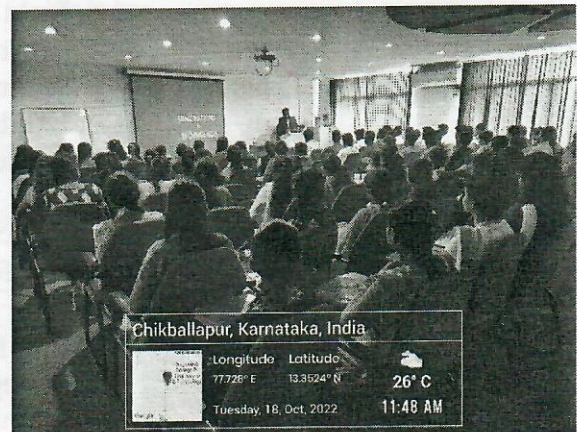

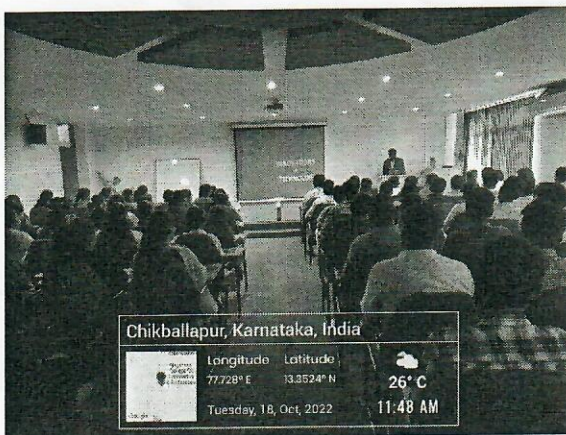

c. Benefit in terms of learning/Skill/Knowledge obtained:

Students, who have attended the guest talk learnt about how Technological innovation creates opportunities for entrepreneurs to found new organizations and establish competitive positions as incumbents' sources of advantage decay.
