**Name of the Resource Person: Mrs. Nemichandra, Retd. Scientist and Writer**

**Objective: To ignite young minds to think scientifically**

**Brief Write up on the Programme: [min 10 lines]:**

Dept. of Physics conducted a guest talk under "Pragyan Science forum, NCMS" on 18/12/2021. Mrs. Nemichandra, delivered a talk on 'Inspirational Tale of two Scientists'-Sir C V Raman and Madam Curie and spoke how the scientist biography could teach life lesson, how their experience could change the direction of lives. The guest spoke about Marie Curie, a Polish woman and scientist who introduced uranium ore to the world. Being a woman in a small country of Poland tied to the underworld was not an easy road. She is also the first woman scientist to receive the Nobel Prize twice. His life - the achievement of a lifetime - needs to be known for his contribution to the field of science. "This is a great motivation for her"

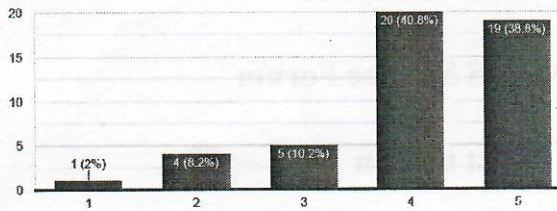

**Learning Outcome:**

Students, who have attended the guest talk, had an opportunity to know about the life of two great eminent scientists. How science can make a difference in life. Developing the scientific ideology is most important for any science student.

## Feedback:

How likely could it be for you to recommend a Guest Talk organized by NAGARJUNA COLLEGE OF MANAGEMENT STUDIES to your colleagues & friends?
