**Brief Write up on the Programme: [min 10 lines]:**

Dept.of Physics conducted a webinar under "Pragyan Science forum, NCMS" on 28/05/2021. Dr. Dinesh C M, resource person delivered a talk on "Brief introduction on Quantum Mechanics". Speaker began his talk with background of quantum theory and he mentioned all physicists who had contributed for the development of quantum theory. Speaker mentioned the dual nature of light discovered by scientists, & also he explained the probability of values. He gave insight knowledge of how quantum mechanics provides a description on the physical properties of nature at the scale of atoms and subatomic particles. He briefed about the various phenomena that can be explained using quantum theory.

**Learning Outcome:**

The webinar was very fruitful in the sense that participants got basic idea about quantum mechanics and how we can understand universe through quantum theory given by various physicists.
