**Name and details of the Resource Person:**

**1. Mr. Sudhindra D S.**

A practising chartered accountant in the field of Audit, finance and taxation under the firm name sudhindra & associates. He had previously worked with Singhvi Dev & Unni, chartered accountants in the field of indirect taxation.

**Objective:**

Ensuring students that the cascading effect of tax on tax is been eliminated by introducing GST and there by improve the GDP Rate of the nation.

**Brief Write up on the Programme:**

A session was held by Mr. Sudhindra D S, a practicing chartered account on 13 September 2019 regarding GST. Mr. Sudhindra D S explained about the meaning of GST ,it's history and launch in India. He also briefed about the advantages and components of GST. He threw light on how GST actually works with some examples. He also taught about Cascading effect and Reverse charge mechanism. He gave explanation of the different slabs in which GST is applied for different products. He explained that supply , consideration , future and type are the 4 things to be considered to know if GST is applicable for a particular product or service. If all the 4 things are there for product or service then GST is applicable, if not GST is not applicable. He also

**PRINCIPAL**

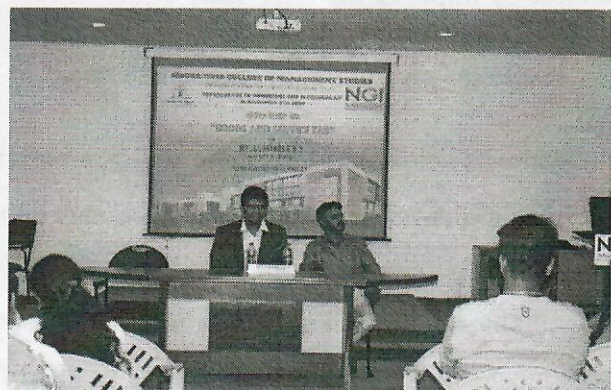

demonstrated how GST had its impact on different countries by few case studies. He completed his lecture by explaining what changes GST brought in the Indian economy. The students actively took part and the session ended by clearing doubts of the students. On the whole the session was very informative and students received valuable insights about GST.

**Learning Outcome:**

- Students can understand how GST will impact prices of goods and services.
- It helps students to differentiate goods as per there tax rates.
- They also learn exempted goods and services from GST.

**Feedback:**

<b>Excellent</b>	<b>70</b>
<b>Good</b>	<b>31</b>
<b>Satisfactory</b>	<b>10</b>
