Best Practice 2

1. Title of the Best Practice:

Student Council Election

2. Objectives of the practice:

- To create awareness among the students about the machinery of Elections in Democracy.
- To involve students in the Electoral Process through hands on learning experience.
- To promote healthy and fair competitive spirit among students through the process of Election.
- To Promote Leadership qualities among the students.

3. The context:

The institution has been promoting the participation of students in the smooth and effective functioning of all the activities in the college. The student council of the institution has always been an integral part of the system. Just like any other institution, the student council was Elected through normal, traditional procedures. The need for making this process as a tool to educate the young learners was timely identified by the institution. The role of youngsters in making India more responsible in choosing the leaders is inevitable. The involvement of the young generation in the election process which is free from corruption, caste politics and power politics, could be achieved only by making them to understand the importance of electoral process from inside. The thought of conducting elections for the student council with a process which is like the general elections conducted by the Election Commission of India was thus made functional in the institution.

4. The practice:

The procedures and process of conducting Elections for the student council of the institution is like the general election process of the country. Before announcing the elections, students are given the opportunity to understand the entire process and its significance. An election Officer is appointed to monitor the entire process and senior faculty members are appointed under the election officer as nodal officers to conduct elections in fair and democratic Manner. These officers monitor every step of the election process. The candidates contesting the elections are given instructions and guidelines in the form of code of conduct. The entire Process is completed within the schedule and timeline fixed for the Election process. The institution conducts the election with the schedule given below:

Filing of Nomination by the Candidates

- Scrutiny of Candidate list
- Finalizing the list of contestants after giving time to withdraw nomination
- Printing of ballot papers
- Monitoring the Election Campaign of the candidates as per the code of conduct
- Issue of voters slips to the voters
- Voting as per the guidelines and code of conduct
- Counting procedure
- Declaration of Election Results

The entire process so election is conducted under the supervision of the Election Officer and Nodal officers, in a fair, transparent, and democratic manner.

5. Evidence of success:

The Elections for the student council is being conducted for two years under the new system. The amount of interest and involvement of the students is one of the major evidence of Success for the institution. The students are learning the various steps involved in conducting elections through practical experience and they are showing more intent and enthusiasm to Vote for the country. The students are in

turn playing the role of spreading the awareness. About the significance of voting in their respective locality. The student council is elected in a systematic manner and the leadership quality, participative spirits are seen among the Students. Since its inception, this system has become very popular and productive.

6. Problems encountered and resources required:

The normal college union elections were not so expensive due to the simple process. Educating students about the various steps involved in conducting elections for the student council was a real problem. The students initially thought it as a complicated Process. It was a real challenge for the institution to educate them about the objectives of this system. As it involved many procedures, the cost of conducting the elections was also on the higher side. The various steps involved in the process require significant resource resources. The institution has successfully addressed these challenges with support from both management and Students. The human resource required for the process was another challenge in conducting the elections. The voluntary support of the faculty members of the institution facilitated to overcome this challenge.

Report On Student Council Election 2021-2022

The election for the Students' Council was held at Nagarjuna College of management Studies on **20th May 2023**. The objective of appointing the student Council is to provide a platform for the students to develop leadership qualities by organizing and carrying out academic activities.
